

China & Asia Circular Plastics Summit 2022中国亚洲循环塑料国际峰会

12th-13th, January 2022, Shun Century Park Hotel Shanghai, China 上海洲顺世纪酒店 1月12-13日

"Boosting Performance on Better Cicularity and Recycling"

Events Highlights

- Chinese Recycled Plastics Market Trends, Share, Size, Growth, Opportunity and Forecast 2021-2025
- What It Will Take to Build a Circular Plastics and Packaging Industry: The Asian Plastics & Packaging Agreement
- Making plastics circular – Danone's challenges and initiatives
- "Circular Economy, Role of Plastics - Way forward"
- Improvements in plastic packaging design and Innovation help reduce cost of recycling
- Sustainability Options of PLA and Bioplastics Throughout the Value Chain
- China & Global Plastics and Packaging Trends: Reuse, Recycling, Sustainability, and Circular Economy
- Advanced Performance Additive Solutions - Circular Plastics Economy
- Chemical, Mechanical or Dissolution Plastics Recycling – Mature Solutions For a Truly Circular Plastics Economy?
- Twin Screws: The Game Changers in Plastics Recycling"
- New Additive Solution For Smoother Fibre Production, Focusing on Higher Performance at Better Convenience For a Sustainable Future
- Circular economy along the plastics supply chain: innovative extrusion and injection moulding applications for compounding and recycling
- Panel Discussion: Transforming the New Plastics Economy - How the future sustainable plastics will evolve from converters' perspective
- An European Perspective on Plastics Recycling in South East Asia & the Impact of the Basel Amendments
- Asia Pacific recycling: Drivers, Challenges and Prospects
- Loop: a Sustainable Alternative to Disposability and Driver of Circular Economy
- European Plastic Packaging Legislation and the Green Deal
- Accelerating The Circular Bioeconomy - from the Perspectives of Renewable Chemicals, Polymers and Chemical Recycling
- Traceable Ocean Bound Plastic as the new plastic
- Fixing the Broken Plastics Circular Economy: A look at the market failures inhibiting circularity, the market dynamics and stakeholder perspectives in Asia, and inspiring business-led solutions
- Panel Discussion: How the future equipment and technology innovation will meet the demanding requirements for plastics reuse, recycling and circular economy development?

Circular is the best business

China & Asia Circular Plastics Summit 2022

12th-13th, January 2022, Shun Century Park Hotel Shanghai, China

Boosting Performance on Better Efficiency,
Recycling, Sustainability and Profitability in Plastics

Event Background: The circular economy represents an alternative, more sustainable model to the traditional linear economy, which will further enhance industry competitiveness and resource efficiency. The unique characteristics of plastics enable them to play a major role on the road to a more sustainable and resource efficient future. Lightweight, versatile and durable plastics can help save key resources such as energy and water in strategic sectors that include packaging, building and construction, automotive and renewable energy, to name but a few. In addition, plastics applications in packaging can help reduce food waste. However, to improve the circularity of plastics, it is essential to make sure that more and more plastic waste is recovered and doesn't end up in landfill or in the environment. The challenge of curbing plastic waste dates to the dawn of the modern environmental movement. More recently, concerns over plastic litter, particularly in marine environments, has reached feverish pitch among consumers, governments and companies themselves. Addressing the waste challenge requires engaging the entire plastics value chain, from polymer manufacturers to brands to waste haulers, in order to create truly systemic solutions. It's a significant business opportunity. According to the reliable industry market research data, only 14 percent of plastics are recycled, resulting in a loss of as much as \$120 billion a year to the global economy. In recent months, some of the world biggest brands and plastics manufacturers have issued bold challenges to create new supply chains from plastic waste. It's a critical start, but success will require broad, global engagement among companies, governments, policy makers and others to create a truly circular plastics economy. It's against the above-mentioned industry background that we are launching out the upcoming China & Asia Circular Plastics Summit 2022, which will gather a good amount of industry professionals and decision makers coming from all across the plastics value chain, including brand owners or end users, discussing circular plastics development from perspectives of chemical/ petrochemical, machinery, supply chain, technology innovation, R&D and recycling, etc., aiming to keep plastics in the economy, out of the environment. 与传统的线性经济相比，循环经济是一种更具可持续性的替代模式，将进一步提高产业竞争力和资源效率。塑料的独特特性使它们能够在通往更可持续和更有效利用资源的未来的道路上发挥重要作用。此外，塑料在包装中的应用可以帮助减少食品浪费。然而，为了提高塑料的循环性，有必要确保越来越多的塑料垃圾被回收，而不是最终被埋在垃圾填埋场或环境中。根据可靠的行业市场研究数据，只有14%的塑料被回收，这导致全球经济每年损失高达1200亿美元。近几个月来，一些全球最大的品牌和塑料制造商发出了大胆的挑战，要求利用塑料垃圾创建新的供应链。这是一个关键的开始，但为了成功实现这些目标，公司、政府、政策制定者和其他各方面广泛参与并促进全球合作，以创建一个真正的循环塑料经济。正是基于上述行业背景，我们推出了此届2022中国和亚洲循环塑料国际峰会，此次峰会将聚集大量的行业专业人士和决策者，他们来自全球各地的塑料价值链，包括品牌所有者或最终用户，从诸如化工、机械、供应链、技术创新、研发和回收等多个角度一起探讨塑料循环经济的发展，以期进一步促进塑料新经济的发展。

Sponsor This Event: Sponsorship options and opportunities are limited for this event to help gain more awareness and raise your business profile within specific industries across the globe among all these industry professionals. Please don't hesitate to contact our conference principal consultant for further information should there be any interest.

Conference Venue: Shun Hotel Century Park Shanghai is a 5-star premium property located in the heart of Shanghai's new commercial area. Presenting an entire set of ultra-modern amenities and services, this grand hotel amply caters to the needs of business travelers as well as leisure holidayers. It makes available homey

Participants From

- Chemicals & Petrochemicals
- Government Agencies
- Industry Association
- Brand Owners
- Raw Materials Suppliers
- Chemicals & Petrochemicals
- Supply Chain Management
- Industry Solution Providers
- Product and Packaging Design
- Chemistry and Advanced Materials
- Equipment & Technology Suppliers Recycling and Waste management Plastic Pollution Advocacy
- Consulting

Who Will Attend

- VP/Director Technology
- VP/Director Sales & Marketing
- Director/Manager Technical Marketing
- Managers of Business Operations
- Head of Business Unit
- Head of CSR/Sustainability
- Director for R&D/Technology
- Technical/Sales Manager
- Regional Business Director/Manager
- Technical/Technology Consultant

Eminent Speakers

- China Packaging Federation
- China Plastics Recycling Association
- China National Resources Recycling Association
- FOSIMPE S.L.
- Danone
- Coperion
- APK AG
- Rieckermann
- Tupperware Brands Corporation
- Nestle
- Colgate-Palmolive
- Total Corbion PLA
- The Plastics Circle
- World Packaging Organization
- KRAUSSMAFFEI BERSTORFF
- and more...

China & Asia Circular Plastics Summit 2022

12th-13th, January 2022, Shun Century Park Hotel Shanghai, China

Innovation and Sustainability In Next Generation Plastics

Agenda (Time Zone: GMT+8, 东八区)

Day One, Wednesday, 12th January
会议第一天 1月12日, 星期三

08:25-08:30 Opening Remarks by Event Chairman
大会主席致辞

08:30-09:05 Chinese Recycled Plastics Market Trends, Share, Size, Growth, Opportunity and Forecast 2021-2025
2021-2025 年中国再生塑料市场趋势, 市场份额, 规模, 增长, 机会和预测

Victor Wang, Secretary General, China Plastics Recycling Association, China National Resource Recycling Association

09:05-09:40 Design for packaging recyclability - Colgate's commercial cases on sachets and tubes
包装可回收性设计-高露洁公司包装小袋和管的商业案例

Dr. Jun Wang, Packaging Innovation - Global Design & Packaging, Colgate-Palmolive Company

09:40-10:00 Tea Break, Networking & Booth Visiting
茶歇、联络及展台参观

10:00-10:35 Designing Sustainable Products In The Age Of New Materials And Technology 在新材料和新技术时代设计可持续产品

Dr. David Kusuma, SPE Board Chair
SVP, Product Management & Innovation, Oregon Tool
Former VP, Research And Product Innovation, Tupperware Brands Corporation

10:35-11:10 Circular Economy, Role Of Plastics - Way Forward
循环经济、塑料的角色—未来发展方向

Chakravarthi AVPS, Global Ambassador, World Packaging Organisation

11:10-11:45 What It Will Take To Build A Circular Plastics And Packaging Industry: The Asian Plastics & Packaging Agreement 如何建立一个循环塑料和包装产业: 亚洲塑料 & 包装协议

Adrienna Zsakay, CEO, Circular Economy Asia Pacific

11:45-12:20 Innovative And New Solutions To Create A Closed-Loop Ecosystem
陶氏创造闭环生态系统的创新和新解决方案

Amy Song, APAC Marketing Manager For Food And Specialty Packaging, Dow Chemical

12:20-13:50 Luncheon, Networking & Booth Visiting
午餐、联络及展台参观

13:50-14:25 How to obtain US FDA No Objection Letters (NOLs) to export recycled plastics to the U.S.?

如何获得美国食品和药物管理局(FDA)的无反对信(NOLs)出口再生塑料到美国?

David Ettinger, Partner, Keller and Heckman LLP

14:25-15:00 Holistic Resource System Drives Circular Economy Transition For Plastic And Carbon Neutrality
综合资源系统推动塑料和碳中和循环经济转型

Jet Chang, Vice President For Circular Economy Business Development, Tomra Group

15:00-15:35 Chemical, Mechanical or Dissolution Plastics Recycling – Mature Solutions For a Truly Circular Plastics Economy 化学, 机械或溶解塑料回收-成熟的解决方案, 真正的循环塑料经济

Klaus Wohnig, CEO, APK AG

15:35-15:55 Tea Break, Networking & Booth Visiting
茶歇、联络及展台参观

15:55-16:30 Twin Screws: The Game Changers in Plastics Recycling 双螺旋: 塑料回收的游戏改变者

Peter von Hoffmann, General Manager Engineering Plastics & Special Applications, Coperion GmbH

16:30-17:05 Circular Economy Along The Plastics Supply Chain: Innovative Extrusion And Injection Molding Applications For Compounding And Recycling
塑料供应链上的循环经济: 复合和循环利用的创新挤出和注塑应用

Franz X. Keilbach, Global Application & Product Owner, Circular Economy / Recycling,
KraussMaffei Extrusion GmbH

17:05-17:45 Panel Discussion:
Transforming The New Plastics Economy — How The Future Sustainable Plastics Will Evolve From Converters' Perspective

转变新塑料经济——如何看待未来塑料的可持续发展方向

Moderator: Event Chairman

Panelists: Dow Chemical, Unilever, APK, etc.

18:10 End of Day One

China & Asia Circular Plastics Summit 2022

12th-13th, January 2022, Shun Century Park Hotel Shanghai, China

Innovation and Sustainability In Next Generation Plastics

Agenda (Time Zone: GMT+8, 东八区)

Day Two, Thursday, 13th January
会议第二天 1月13日, 星期四

08:25-08:30 Opening Remarks by Event Chairman
大会主席致辞

08:30-09:05 An European Perspective On Plastics Recycling In South East Asia & The Impact Of The Basel Amendments
以欧洲视角来看东南亚塑料回收的发展以及巴塞尔修正案的影响

Pablo León, CEO Asia Pacific, **FOSIMPE S.L. RECYCLED PLASTICS**, China

09:05-09:40 Traceable Ocean Bound Plastic As The New Plastic
可追溯的海洋塑料作为新的塑料

Seah Kian Hoe, Managing Director, **Heng Hiap Industries Sdn Bhd**

09:40-10:00 Tea Break, Networking & Booth Visiting
茶歇、联络及展台参观

10:00-10:35 Asia Pacific recycling: Drivers, Challenges and Prospects
亚太循环塑料：驱动力、挑战和前景

Tan Jia Hui, Analyst, Plastics Recycling, APAC, **ICIS**

10:35-11:10 Loop: A Sustainable Alternative To Disposability And Driver Of Circular Economy
循环：一次性用品的可持续替代品和循环经济的驱动力

Eric Kawabata, APAC General Manager, **TerraCycle Japan**

11:10-11:45 Session Sponsored By Milliken Chemicals

11:45-12:20 Fixing The Broken Plastics Circular Economy: A Look At The Market Failures Inhibiting Circularity, The Market Dynamics And Stakeholder Perspectives In Asia, And Inspiring Business-Led Solutions

修复破损的塑料循环经济：着眼于抑制循环发展的市场失灵，亚洲的市场动态和利益相关者的视角，以及激励企业主导的解决方案

Trish Hyde, Managing Director, **The Plastics Circle**

12:20-13:50 Luncheon, Networking & Booth Visiting
午餐、联络及展台参观

13:50-14:25 Accelerating The Circular Bioeconomy—From The Perspectives Of Renewable Chemicals, Polymers And Chemical Recycling

加速循环生物经济——从可再生化学品、聚合物和化学回收的角度

Stephan Krüger, Manager, Feedstocks and Production Platform, **Neste Germany GmbH**

14:25-15:00 Review Of The EU Packaging & Packaging Waste Directive And Its Consequences For The Importers Of Packaged Products In Europe
概述欧盟包装和包装废物指令及其对欧洲包装产品进口商的后果

- Waste Prevention
- Reusable Packaging
- Recyclability Of Packaging
- Recycled Content

Dr. Philippe Diercxsens, Packaging & Environment Manager, **Danone Waters**
Member Of The Executive Committee, **Europen**

15:00-15:35 Packaging Sustainability And Solutions
包装的可持续化及解决方案

Ben Chen, Former Innovation Director Food Service, **Huhtamaki Group**

15:35-15:55 Tea Break, Networking & Booth Visiting
茶歇、联络及展台参观

15:55-16:30 Sustainability Options of PLA and Bioplastics Throughout the Value Chain

PLA和生物塑料的可持续性选择贯穿价值链

Derek Atkinson, VP Global Sales and Business Development, **Total Corbion PLA**

16:30-17:05 Collaboration Across Value Chain Creates a Powerful Force to Tackle Plastic Waste Challenges

跨价值链合作为应对塑料垃圾挑战创造了强大的助力

Henky Wibawa, Executive Director, Indonesian Packaging Federation

17:10 End of Conference
